FAX: 212-351-3401

Alan Kellman's practice focuses on the trial of patent infringement disputes. Mr. Kellman has tried cases in the federal district courts, before the International Trade Commission, and in arbitration, and has argued before the Court of Appeals for the Federal Circuit. In addition, he has represented clients in trade secret, antitrust, and unfair competition matters in federal and state courts. Mr. Kellman has represented and counseled clients in disputes relating to a wide range of technical subject matters, including pharmaceutical and surgical products, network switching equipment, telecommunications equipment, local and wide area networks, digital signal processing systems, digital audio and video coding systems, cellular telephony, personal computers, digital watermarking, semiconductor processing technology, microprocessor design and development, electro-chemical lighting systems, lottery networking systems, and remote surgical robotics.

Before joining Desmarais LLP, Mr. Kellman was a partner in the Intellectual Property group of Kirkland & Ellis LLP.

Courts

- United States District Court for the Eastern District of New York
