

## Theodoros Konstantakopoulos Ph.D.

Of Counsel, New York

PHONE: 212-808-2969      FAX: 212-351-3401  
tkonstantakopoulos@desmaraisllp.com

Dr. Theodoros Konstantakopoulos' practice focuses on post-grant proceedings before the Patent Trial and Appeal Board, patent litigation in district courts and the International Trade Commission, and counseling clients on intellectual property matters. As a registered patent attorney, Dr. Konstantakopoulos has also advised clients in preparing and prosecuting U.S. and foreign patent applications and portfolio strategy. Further, he has conducted numerous due diligence investigations and drafted opinions of counsel.

Dr. Konstantakopoulos has significant experience before the Patent Trial and Appeal Board in inter partes review proceedings. In 2019, the analytics service Patexia identified him as one of the top 30 most effective attorneys representing petitioners in PTAB proceedings and, in 2020, Patexia identified him as the 11<sup>th</sup> best performing attorney representing petitioners in PTAB proceedings. Patexia also recognized him as one of the most active attorneys representing petitioners at the PTAB. In 2021, Patexia identified him as the 11<sup>th</sup> best performing attorney (overall) in PTAB proceedings.

With a Ph.D. in electrical engineering and computer science from the Massachusetts Institute of Technology, Dr. Konstantakopoulos has represented clients in fields including wireless communications and standards, network systems, computer security, computer software, internet-based applications, microprocessors, digital and analog integrated circuits, video coding technology, storage systems, fabrication technologies, semiconductors, light-emitting diodes, and medical devices.

During his doctoral studies at MIT, Dr. Konstantakopoulos was a research assistant in the Computer Science and Artificial Intelligence Laboratory working in the Computer Architecture Group. For his master's degree, he conducted research in the Microsystems Technology Laboratory working in the Digital Integrated Circuits and Systems Group.
